Plan Date: April 2017

Melbourne Water is providing this information and it is not to be used as the basis of future design and aspects that the appointed engineering consultant will perform their own calculations as part of requirements for their development. This site plan as shown on this map and Melbourne Water reserves additional information. The conceptual nature of the information shown on this map is for the responsibility of the consultant to ensure that Melbourne Water's liability is not affected and to ensure that all information obtained from Melbourne Water for acceptance is correct having completed their own detailed engineering analysis.
