

### DSCM Legend

- DSS Boundary
- DS Strategy Boundary
- DSCM Property
- Stage (Allocated)
- Stage (Works in Progress)
- Stage (Finalised)
- Nodes
- Bio-Retention Swale

- Channel
- Cleanout works
- Culvert
- Grassed Swale
- Low flow pipe with Channel
- Overland flow path
- Pipeline
- Soft Engineering

- Bio-Retention Basin
- Buffer Strip
- Inlet/Outlet Structure
- Junction Pit
- Litter trap
- Retarding Basin
- Sediment trap
- Wetland

### As Constructed Legend

- Channel
- Natural Waterway
- Sewer Main
- Underground Drain
- Water Main

- Flood Extents
- Lake
- Retarding Basin
- Sediment Trap
- Wetland

### Plan Date: June 2017

Melbourne Water is providing this information and it is not to be used as the basis of future design and aspects that the appointed engineering consultant will perform their own calculations as part of requirements for their development.
