

### DSCM Legend

- DSS Boundary
- DS Strategy Boundary
- DSCM Property Boundary
- Stage (Allocated)
- Stage (Works in Progress)
- Stage (Finalised)
- Nodes
- Bio-Retention Swale

- Channel
- Cleanout works
- Culvert
- Grassed Swale
- Low flow pipe with Channel
- Overland flow path
- Pipeline
- Soft Engineering

- Bio-Retention Basin
- Buffer Strip
- Inlet/Outlet Structure
- Junction Pit
- Litter trap
- Retarding Basin
- Sediment trap
- Wetland

### As Constructed Legend

- Channel
- Natural Waterway
- Sewer Main
- Underground Drain
- Water Main
- Flood Extents
- Lake
- Retarding Basin
- Sediment Trap
- Wetland

### Plan Date: April 2017

Melbourne Water is providing this information as a reference only and is not to be used as the basis of future design and aspects that the appointed engineering consultant will perform their own calculations as part of requirements for their development.  
Please note that as schemes develop and Melbourne Water receives additional information, the conceptual advice you have been provided as part of this plan may change. It is the responsibility of the consultant to ensure that Melbourne Water's health advice is correct and to verify that all information obtained is provided to Melbourne Water for acceptance to correct having completed their own detailed treatment analysis.
