

Mount Waverley Water Main Renewal Project

Upcoming night works on Lawrence Road intersection and tree maintenance works

What are we doing?

Ongoing pipelaying works between Fleet Street and Lawrence Road are expected to be completed by 22 January 2024*. Once these works are complete, we will start works in the next section between Lawrence Road and Lee Avenue (refer to Figure:1).

To work safely with minimum traffic impacts we will close sections of High Street Road between Fleet Street and Lee Avenue and work only at night during off peak traffic.

Note: These night works will be carried out on weekends (Saturday and Sunday) and road closures will only be during night works.

When: 20-21 January and 27-28 January 2024*.

Time: 9pm – 5am*

Tree maintenance works between Fleet Street and Lawrence Street will be carried out during night works on Sunday 21 January 2024.

*These dates and times are indicative and subject to change with no prior notice due to weather conditions.

Figure: 1 Current and upcoming work zones

What to expect?

- Traffic management will be present to assist motorists, cyclists and pedestrians around our temporary work sites. Short detours will be required. Please allow extra time when travelling through the area
- Driveway access will be maintained for High Street Road residents. Traffic controllers will be present to assist
- Footpaths will remain open for pedestrian access
- Noise from construction equipment and tree maintenance equipment
- Bright lights will be used during night works. Where possible, lights will be directed away from neighbouring property windows.

Traffic changes on Lawrence Road intersection

Pipelaying works on Lawrence Road intersection will commence Monday 22 January and are expected to take three weeks to complete.

- During this time motorist can only turn left at the intersection
- Pedestrians will be detoured to the next intersection to safely cross the road
- Once the intersection crossing is complete, barriers will be removed, and works will continue east towards Blackburn Road.

Route 734 bus stops

To ensure the safety of commuters, bus stops within the work site area will close until it is safe to re-open. Please use neighbouring bus stops during this time.
