# Mount Waverley Water Main Renewal Project

## Night works - Safety barriers installation

We will be conducting additional barrier installation around our work areas as the project progresses Eastwards.

To safely do this we will have to conduct a full road closure on High Street Road between Lyons Street and High Street /Blackburn Road intersection, Mount Waverley. This work needs to be done out of hours when traffic movement is at its' lowest.

**When:** Thursday 11 April 2024

**Time:** 10pm – 5am (overnight works)

Figure 1: Work area for barrier movement and installation

### What can you expect.

- No right hand turn & left hand turn from Blackburn Road into High Street Road heading to Glen Iris
- Traffic management will be in place to assist motorists, cyclists and pedestrians around the area.

April 04, 2024

- c. Footpaths will remain open with detours. Driveway access will be maintained for High Street Road residents.
- d. Noise from construction equipment, construction activities and large vehicles.
- e. Bright lights will be used during night works. Where possible, lights will be directed away from neighbouring property windows.
- f. Changes to the way you travel. Do allocate extra travel time during the period. Our recommended detour options are as stated:
  - Springvale Road
  - Highbury Road
  - Waverley Road
  - Blackburn Road
- g. Access for emergency service vehicles will be maintained at all times during these works.

### Route 734 bus stops

To ensure the safety of commuters, bus stops within the work site area will close until it is safe to re-open. Please use neighbouring bus stops during this time.

Keep in mind there are other ongoing works being conducted in the area by Monash Council and Yarra Valley Water.

Melbourne Water appreciates your support and understanding while these works are carried out.
