Mount Waverley Water Main Renewal Project

Fleet Street - High Street Road connection night works

The Mount Waverley Water Main Renewal project is progressing with the connection works at the intersection of Fleet Street and High Street Road due to commence the week of **Sunday 4 August 2024**.

To safely do these works we will install a **full road closure** on High Street Road, between Charles Street and Stewart Street, including Fleet Street. These works will be night time only between **10pm and 5am**. This work needs to be done out of hours when traffic movement is at its lowest.

When: Sunday night 4 August to Saturday night 24th August 2024

Time: 9pm – 6am

Figure 1: Traffic changes on High Street Road

What to expect

Change in traffic: No access to Fleet Street from High Street Road. We will be in touch with residents and allow for alternative arrangements where possible.

Detours: Changes to the way you travel, detours will apply along High Street Road. Allocate extra travel time during this period. Detour routes are shown in image below.

Figure 2: Local traffic detour routes

Local traders: Access to High Street Road businesses will be maintained. To stay safe, please follow all instructions from traffic controllers.

Noise and vibration: Our trucks and machinery will create noise and minor vibration associated with the excavation of the road. Where possible, sound dampening will be applied.

Out of hours: When we are not working on High Street Road metal plates will be secured over the road to ensure safe driving conditions. Speed limits will apply.

Public transport: Bus services will continue to run as scheduled. No bus stops will be closed.

For more information about this project please call the project team on 1800 931 106 or email M76@melbournewater.com.au
