Mount Waverley water main renewal project

Night works- Lawrence Road connections

The Mount Waverley water main renewal project is nearing completion, with connection works on High Street Road, between Lawrence Road and Lyons Street due to commence on **Tuesday 22 October 2024** (weather permitting). These works will assist with the final stages of preparing the new pipeline for use.

What are we doing

To safely complete works there will be a **full road closure** on High Street Road, between Lawrence Road and Lyons Street (refer to map). Works will be at night between **9pm and 5am** when traffic movement is at its lowest and take approximately **three nights** to complete (weather permitting).

When: Tuesday 22 October to Thursday 24 October 2024

Time: 9pm – 5am (Monday to Friday)

What to expect (nighttime only)

Change in traffic: Local traffic access only between Lawrence Road and Lyons Street (refer to map).

Detours (nighttime only): Local traffic will be detoured around the work area (refer to map):

- Eastbound traffic will be detoured via Lawrence Road, Huxtable Street and Kiers Avenue.
- Westbound traffic will be detoured via Inverell Avenue, Cameron Street and Lawrence Road.
- Heavy vehicles will be detoured at Stephenson's Road and Blackburn Road via Waverley Road or Burwood Highway.
- Please allow extra travel time during this period.

Lights: Temporary light towers may be required during this time. Where possible, they will be positioned to face away from residential properties.

Noise and vibration: Our trucks and machinery will create noise and minor vibration associated with the excavation of the road. Where possible, sound dampening methods will be applied.

Out of hours: When we are not working on High Street Road, metal plates will be secured over the road to ensure safe driving conditions. Speed limits will apply.

Pedestrian access: Footpaths around the work section on High Street Road will be closed with a detour in place. All other footpaths will remain open. Please travel safely around the work area.

Location of works

What's next

Night works will be undertaken intermittently along High Street Road until late December as we finish the final pipeline connections and permanent reinstatement (weather permitting). These works are all scheduled for nighttime to ensure reduced traffic impacts. Further information with dates will be provided.

We thank you for your patience and consideration while we undertake these works.
