

1601 - Deep Creek South DSS

Legend		Existing Assets	
Development Services Scheme Boundary	Culvert	Wetland	Wetland
Development Services Strategy Boundary	Pipeline	Retarding Basin	Sed Trap
Development Services Precinct Renewal Scheme Boundary	Soft Engineering	Nodes	Bioretention
Development Services Precinct Renewal Strategy Boundary	Bio-Retention Swale	Undergound Drain	Channel
Scheme Property Boundary	Channel	Natural Waterway	
Project - Allocated	Cleanout Works		
Project - Works in Progress	Low Flow Pipe with Channel		
Project - Finalised	Swale		
Overland Flow Path	Bio-Retention Basin		
Sediment Pond	Buffer Strip		
Litter Trap	Related Works		

Whilst every effort has been taken in collecting, validating and providing the attached data, Melbourne Water Corporation takes no representation or guarantees as to the accuracy or completeness of this data. Any person or group that uses this data does so at its own risk and should make their own assessment and investigations as to the suitability and/or application of the data. Melbourne Water Corporation shall not be liable in any way to any person or group for loss of any kind including damages, costs, interest, loss of profits or special loss or damage, arising from any use, error, inaccuracy, incompleteness or other defect in the data. Please note that as schemes develop and Melbourne Water Corporation receives additional information, the conceptual/indicative advice contained herein may be updated.

Melbourne Water Corporation is providing our indicative assets information and is not to be used as the basis of future design and expects that the appointed engineering consultant will perform their own calculations as part of requirements for their development.
