

Introduction to Maintenance Agreement Package

The WinZip file comprises of:

MW1 – A Word format template, to be completed and edited by the consultant and will make up the specified Part XX of the Maintenance Agreement Schedule for the proposed asset.

MW2 – A completed Maintenance Agreement Schedule for your reference.

Please note:

- A. Generally the wording in the schedule tables is the accepted text however may vary slightly from Council to Council.
- B. The weed priority list should be reviewed by the maintenance contractor. The priority can vary from area to area.
 - Primary weeds are weeds prevalent on site and the immediate area.
 - Secondary weeds are in the local area
- C. Once completed, Melbourne Water prefers the Maintenance Agreement emailed to the Developer Project Works Team in Word format for review.
- D. Once the Maintenance Agreement has been reviewed, Melbourne Water will PDF and send to relevant Council for review and endorsement.
