

4532 - Upper Hendersons Creek DSS Infrastructure 1/1

Melway Ref: 183 C6
 Author: Rebekah Campbell
 Scale @ A1 1:7000

- DSCM Legend**
- DSS Boundary
 - DS Strategy Boundary
 - DSCM Property
 - Stage (Allocated)
 - Stage (Works in Progress)
 - Stage (Finalised)
 - Nodes
 - Bio-Retention Swale

- Channel
- Cleanout works
- Culvert
- Grassed Swale
- Low flow pipe with Channel
- Overland flow path
- Pipeline
- Soft Engineering

- Bio-Retention Basin
- Buffer Strip
- Inlet/Outlet Structure
- Junction Pit
- Litter trap
- Retarding Basin
- Sediment trap
- Wetland

- As Constructed Legend**
- Channel
 - Natural Waterway
 - Sewer Main
 - Underground Drain
 - Water Main
 - Flood Extents
 - Lake
 - Retarding Basin
 - Sediment Trap
 - Wetland

Plan Date: April 2017

Melbourne Water is providing this information as a guide only and is not to be used as the basis of future design and aspects that the appointed engineering consultant will perform their own calculations as part of requirements for their development.

Please note that as schemes develop and Melbourne Water receives additional information, the conceptual/indicative advice you have been provided as part of the feasibility report may require or demand. Under the CA process it is the responsibility of the consultant to ensure that Melbourne Water's feasibility advice is correct and to notify them of any information that may affect the Melbourne Water's feasibility advice.
